Chameleon

The Eindhoven region in the Netherlands is known for its design and innovative manufacturing industry. It is this creative hotspot from which Chameleon draws its inspiration and contributes to. Our products are delivered daily to more than 50 countries worldwide. The production has been taking place in our own production facilities in Geldrop in the Eindhoven region for over 46 years. This involves combining computer-controlled machines with specialized craftsmanship. It is precisely this combination that ensures the highest quality products. We are proud of that!

We are Smit Visual, the producer of Chameleon whiteboards and acoustics.

Chameleon quality

The core of the Chameleon range is formed by the whiteboard. A Chameleon whiteboard can be recognized for its quality, which is visible in four ways:

1. Durability: Chameleon whiteboards are 10 mm thick with a robust, water-repellent MDF core (FSC-certified, see sustainability).
2. Surface: Chameleon whiteboards feature high-quality magnetic enamel steel, recognizable by a smooth surface without imperfections. We offer a lifetime warranty on writing and erasing on all enamel surfaces. Below is an overview of our enamel surface options.
3. Finish: Chameleon whiteboards are machine-cut and then hand-finished. We pay great attention to the finishing process.
4. Installation: Chameleon uses a unique TÜV-certified mounting system that works with magnetic plates.

Code	Surface	Description	Writing / erasing	Panel edge colour	Maximum dimension
W	Whiteboard white	Most popular whiteboard surface with a high gloss finish	Whiteboard markers / dry erase	White lacquered	1480x2980 mm
B	Chalkboard - grey	Colourfast, durable surface with a soft and even grey colour distribution	Chalk / dry erase	Black lacquered	1180x2980 mm
G	Chalkboard - green	Colourfast, durable surface with a soft and even green colour distribution	Chalk / dry erase	Black lacquered	1480x2980 mm
L	Low Gloss	White whiteboard with a slightly matte surface, also suitable for projection	Whiteboard markers / dry erase	White lacquered	1480x2980 mm
GL	Grey Low Gloss	Light grey matte whiteboard surface	Whiteboard markers / dry erase	White lacquered	1180x2980 mm
P	Projection*	Very matte surface, suitable for projection	Whiteboard markers / wet erase	White lacquered	1480x2980 mm

* Not included on product-level.

Sustainability

Modern entrepreneurship involves considering future generations. Smit Visual (the producer of Chameleon) recognizes the important role that producers play in sustainability within our society. That's why we are continuously striving to make advancements in this area.

Currently, 100% of our suppliers are located in Europe, with the majority being local. By working with local partners, we can keep the supply chain short and transparent. We maintain close communication with our suppliers to ensure they adhere to our ethical standards. This includes discussions on topics such as waste management, CO₂ reduction, and working conditions.

All Chameleon whiteboards are FSC® certified (License code: FSC-C137061). This certification demonstrates that the materials used come from responsible forest management.

Mounting

Chameleon whiteboards are delivered with the TÜV certified Chameleon magnetic mounting system. Magnetic mounting is very easy, and we supply a specified assembly drawing with each custom Chameleon whiteboard wall we sell.

1.1 Sharp

Writing / Whiteboards / Sharp

Simple and minimalist, that's the power of Sharp. This whiteboard comes in its most basic form: straightforward, without a frame, and white on all visible sides. The rectangular whiteboard is available in 8 different sizes and can be hung both horizontally and vertically.

If you want a surface other than the default white enamel (W), please provide the article number for the desired size, followed by the surface code.

Size (cm)	Art. no.
118 x 238	16001.002 (+ code)
118 x 198	16001.012 (+ code)
118 x 178	16001.003 (+ code)
98 x 198	16001.005 (+ code)
98 x 148	16001.006 (+ code)
98 x 98	16001.007 (+ code)
88 x 118	16001.009 (+ code)
58 x 88	16001.010 (+ code)

1.2 Sharp Wall

Writing / Whiteboards / Sharp Wall

Large writing wall in its most basic form, with right angles and without a frame. The edges are finished in white. Thanks to the razor-sharp edge finish, the panels fit together precisely with minimal seams. This Sharp Wall is available in 4 different sizes and 5 surface options. It can also be combined with Sharp Acoustics, see pages 32 - 33.

If you want a surface other than the default white enamel (W), please provide the article number for the desired size, followed by the surface code.

Size (cm)	Art. no.	Amount of panels
198 x 236	16006.030 (+ code)	2
198 x 354	16006.031 (+ code)	3
198 x 472	16006.032 (+ code)	4
198 x 590	16006.033 (+ code)	5

1.3 Curve

Writing / Whiteboards / Curve

Chameleon Curve is a frameless whiteboard with rounded corners and black lacquered edges that provides an attractive contrast. Chameleon Curve panels can be easily hung using the included magnetic mounting system.

If you want a surface other than the default white enamel (W), please provide the article number for the desired size, followed by the surface code.

Size (cm)	Art. no.
118 x 238	16002.002 (+ code)
118 x 198	16002.012 (+ code)
118 x 178	16002.003 (+ code)
98 x 198	16002.005 (+ code)
98 x 148	16002.006 (+ code)
98 x 98	16002.007 (+ code)
88 x 118	16002.009 (+ code)
58 x 88	16002.010 (+ code)

1.4 VisuWall

Writing / Whiteboards / VisuWall

This large writing wall features gentle curves accentuated by a black lacquered edge. The Chameleon VisuWall is a complete whiteboard wall that is 2 meters tall and 2, 3, 4, or 5 meters wide, consisting of multiple panels.

If you want a surface other than the default white enamel (W), please provide the article number for the desired size, followed by the surface code.

Size (cm)	Art. no.	Amount of panels
198 x 196	16006.000 (+ code)	2
198 x 294	16006.001 (+ code)	3
198 x 392	16006.002 (+ code)	4
198 x 490	16006.003 (+ code)	5

1.5 Round

Writing / Whiteboards / Round

Round shapes are a timeless aspect of design. They remain relevant in ever-changing design landscapes. In addition to clean lines and angles, round shapes bring a sense of softness and harmony to a space. This is precisely what Chameleon Round does as a whiteboard. The perfectly round whiteboard features black lacquered edges. The board is available in 3 sizes and 5 different surface options.

If you want a surface other than the default white enamel (W), please provide the article number for the desired size, followed by the surface code.

Size (cm)	Art. no.
Ø 60	16003.021 (code)
Ø 98	16003.022 (code)
Ø 118	16003.023 (code)

1.6 Pebbles

Writing / Whiteboards / Pebbles

Pebble shapes are an intriguing addition to interior design. The organic lines bring a natural tranquility to the space. There are 3 different Chameleon Pebbles, each with its own shape and size. These whiteboards have black edges. The Pebbles are available individually as well as in a set.

If you want a surface other than the default white enamel (W), please provide the article number for the desired size, followed by the surface code.

Size (cm)	Art. no.
Set Pebbles	16003.070 (+ code)
118 x 88	16003.071 (+ code)
88 x 75	16003.072 (+ code)
58 x 62	16003.073 (+ code)

1.7 Custom whiteboard wall

Writing / Whiteboards / Custom whiteboard wall

Every organization is unique. With a Chameleon custom whiteboard wall, this uniqueness can be accentuated. Create a magnetic writing surface with complete freedom in shape and size. It allows you to think big and unleash your creativity.

You can:

- Make it wall-filling (precisely in millimeters, keeping in mind to allow for some flexibility due to uneven walls).
- Add creative shapes, such as a skyline at the top.
- Include your logo as a cutout with a full-colour print behind it.
- Have a cutout made for a TV screen on or within the whiteboard.

A quotation is provided for this product.

1.8 Sharp Glassboard

Writing / Glassboard / Sharp Glassboard

Colour usage is a powerful tool in interior design because it strongly influences the atmosphere and feel of a space. Warm colours like red, orange, and yellow can create a cozy and lively ambiance, while cool colours like blue and green have a calming effect. They can also be combined with Sharp Acoustics, as seen on pages 32 - 33.

Chameleon Sharp Glassboard is a magnetic glass writing board made of extra-clear safety glass. The 18 soft colour options are carefully selected to complement contemporary interior designs. Black whiteboard markers are highly legible on all glass board colours.

Size (cm)	Art. no.
98 x 98	14800.300 [colour code]
98 x 148	14800.301 [colourcode]
98 x 198	14800.302 [colour code]

1.9 Sharp Glass Wall

Writing / Glassboard / Sharp Glass Wall

The 18 soft pastel shades (p. 23) of the Chameleon Sharp Glass Wall, due to their versatility, complement various interior design styles. They subtly add warmth or create a visually cooler atmosphere in a space. They can also be combined with Sharp Acoustics, as seen on pages 32 - 33.

The Sharp Glass Wall is a magnetic glass writing wall made of extra-clear safety glass. It is available in 8 sizes and consists of multiple panels. Black whiteboard markers are highly legible on all glass board colours.

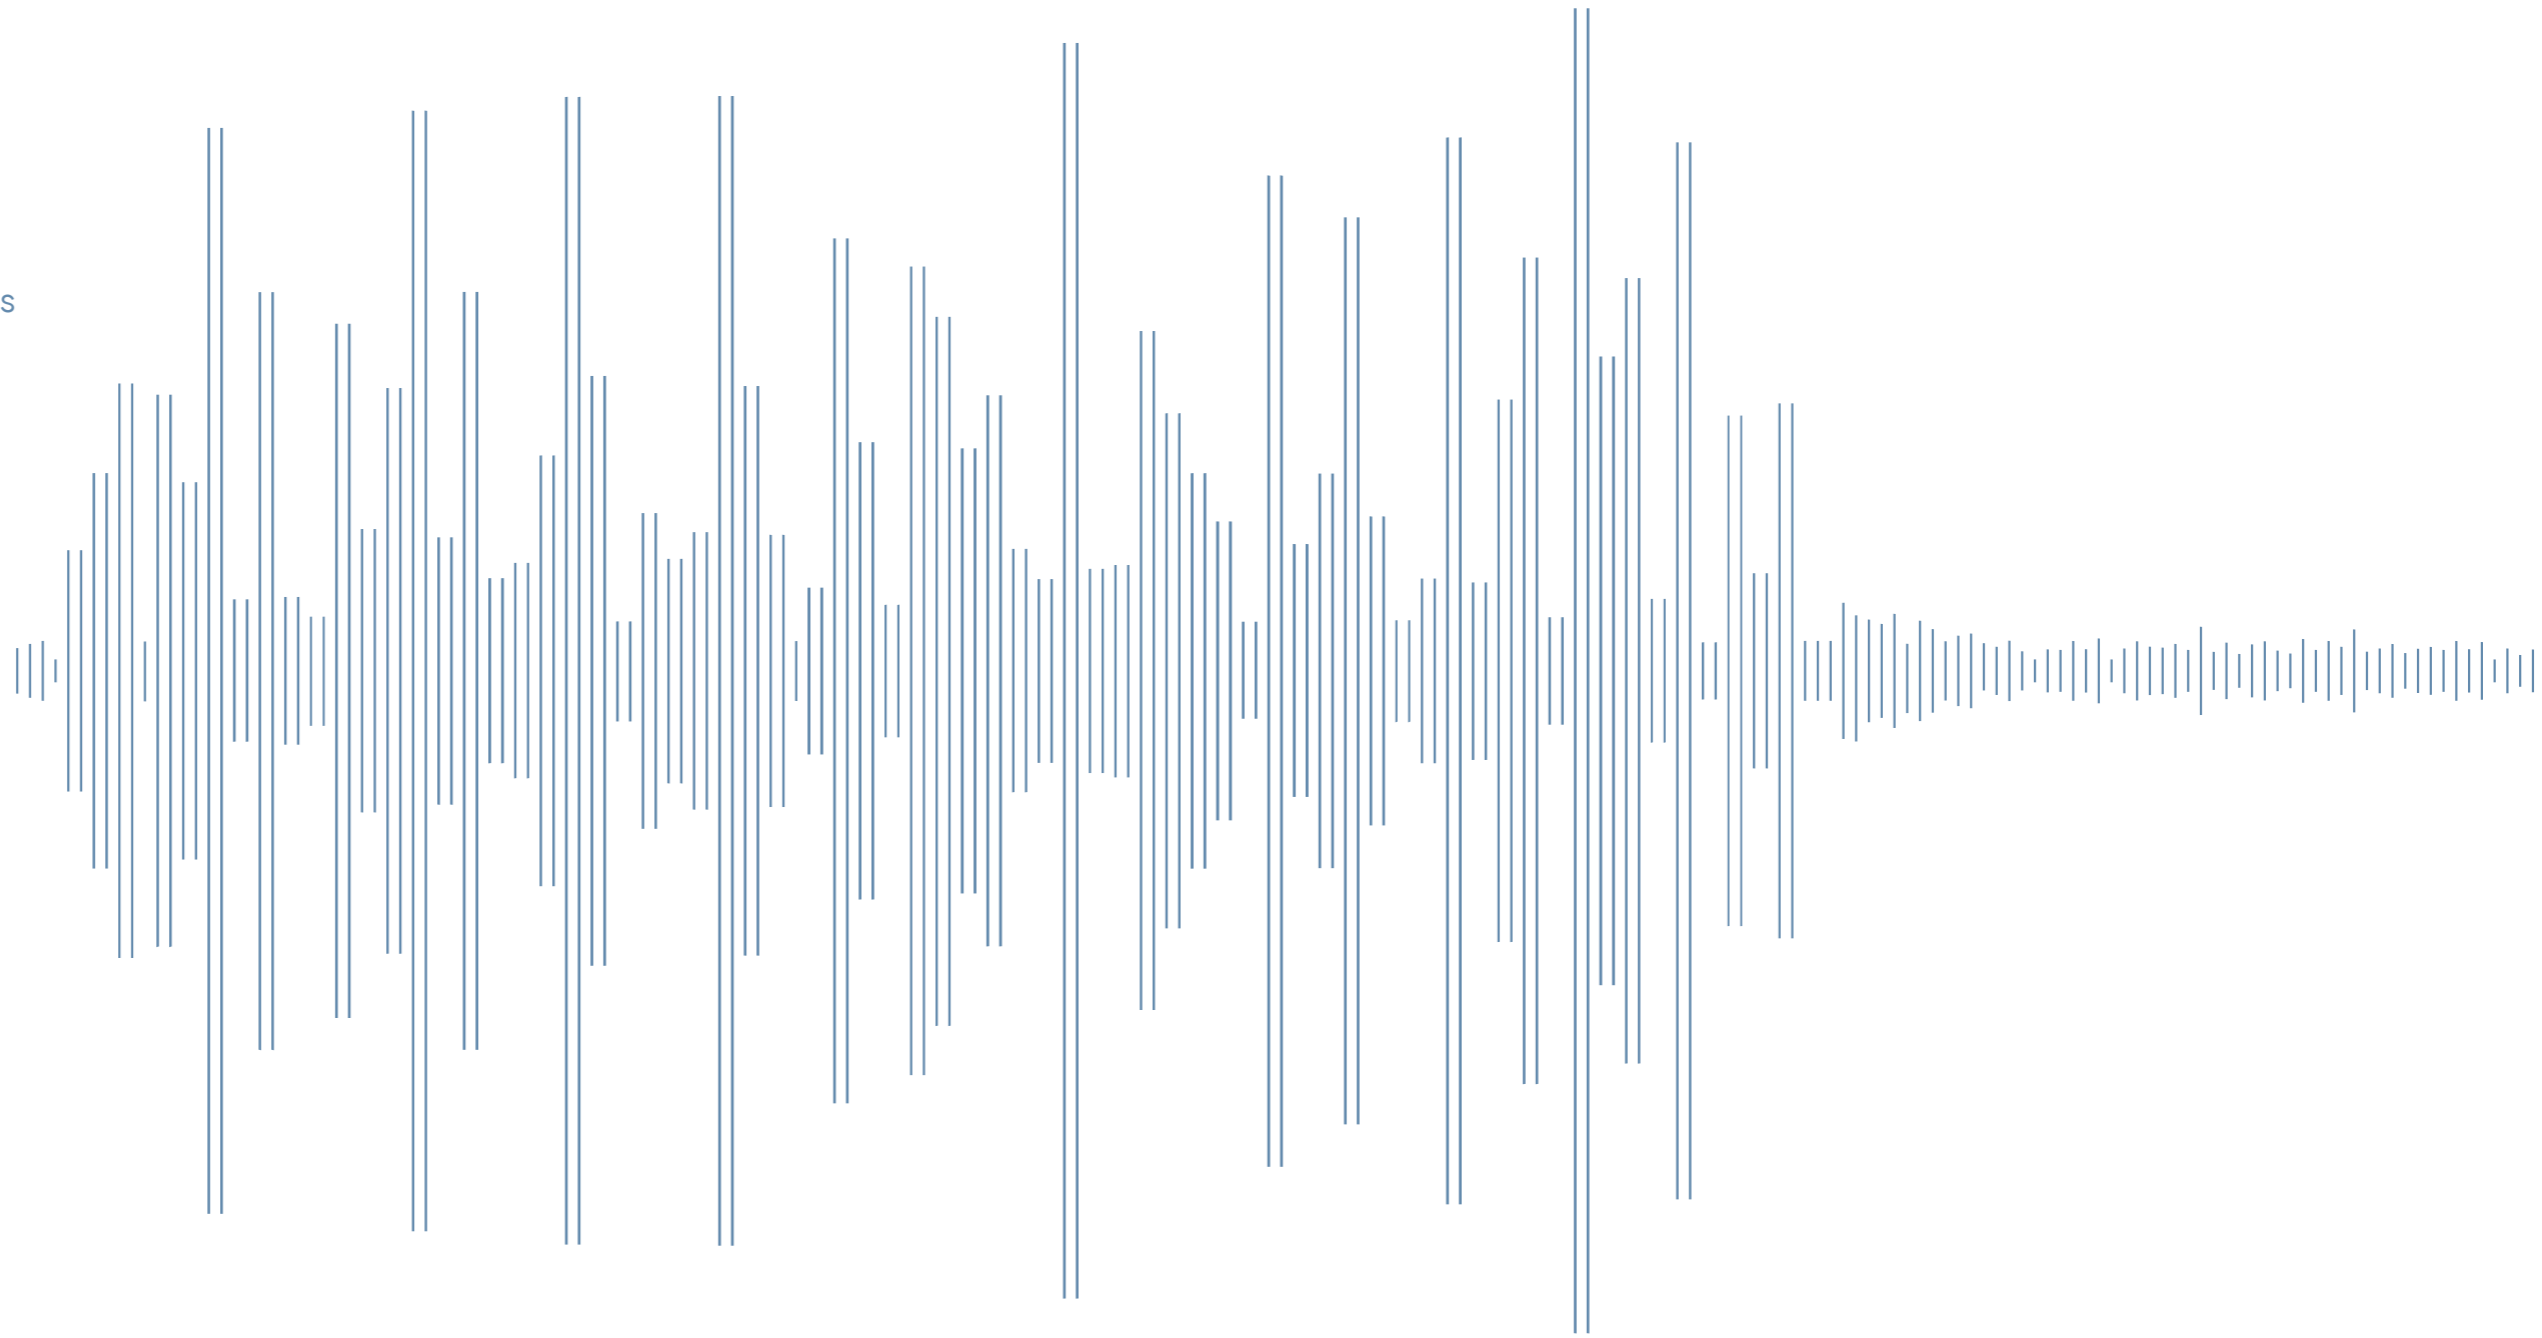

Size (cm)	Art. no.	Amount of panels
148 x 196	14800.310 [colour code]	2
148 x 294	14800.311 [colour code]	3
148 x 392	14800.312 [colour code]	4
148 x 490	14800.313 [colour code]	5
198 x 196	14800.320 [colour code]	2
198 x 294	14800.321 [colour code]	3
198 x 392	14800.322 [colour code]	4
198 x 490	14800.323 [colour code]	5

9 + 18 mm PET felt

Application

The 9 and 18 mm Chameleon Acoustics PET felt is used for Creatives, Sharp Acoustics, and Creative Panels.

Material

Chameleon Acoustics is made of 100% recyclable polyethylene terephthalate (PET), a part of which is derived from recycled PET bottles. These materials are processed to create sound-dampening felt with a soft structure.

Thickness and dimensions

The thickness of the PET felt panels is 9 or 18 mm, and the maximum panel size is 120 x 240 cm.

Fire resistance

EN13501	B-s1, d0
---------	----------

Acoustics

9 mm Chameleon Acoustics has been tested according to ISO 354-2006, and it has an NRC (Noise Reduction Coefficient) of 0.3. 0.5 for 18 mm Creative Panels.

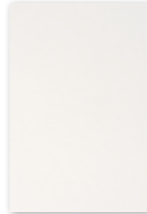

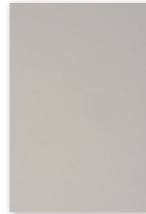

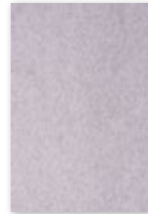

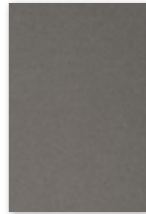

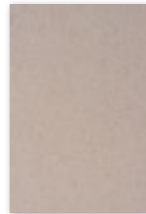

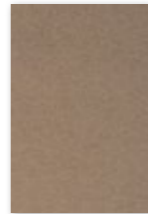

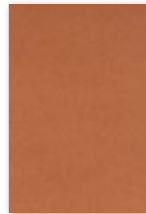

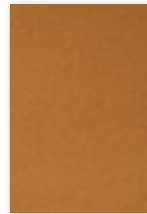

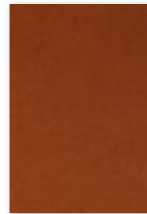

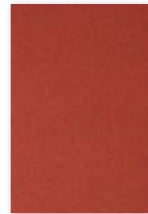

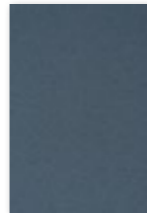

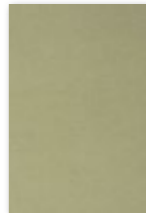

Mounting

The Chameleon Acoustics panels come with Velcro mounting. This has the advantage of quick and easy installation, reusability, and the ability to separate materials in the future. Upon request, panels can also be supplied without Velcro for wall adhesion.

Colours

The Chameleon Acoustics Creatives are made of colour-ingrained felt. If the product is cut to a creative shape, this means the colour is also visible on the cut edges. We have made a selection of 21 colours, featuring a range of greys and browns.

				
White P001	Dusty white P002	White marble P003	Calm grey P004	Rough grey P005

Anthracite P021				

Used PET felt colour: Iguana - P019

2.1 Creatives

Acoustics / Creatives

Creatives is a 9mm PET felt wall covering with reasonably to good acoustic properties, depending on the size of the surface. You can choose from 21 colours (p. 29), with the panel being coloured throughout.

A quotation for this product is provided based on the wall dimensions. The wall is filled with multiple panels, each with a maximum size of 120x240 cm. The 8 available V-cut designs are scaled to fit your wall size and cut into the panels. The sides of the panels feature a slight beveled edge, which incorporates the 2 mm V-cut seam subtly into the pattern.

2.2 Sharp Acoustics

Acoustics / Sharp Acoustics

Add colour and sound-absorbing properties to your whiteboard. These 9 mm thick PET felt panels come in 21 colours (p. 29). The various panel sizes are compatible with Chameleon Sharp Wall (p. 10 - 11) and/or Chameleon Sharp Glassboard and Sharp Glass Wall (p. 22 - 25).

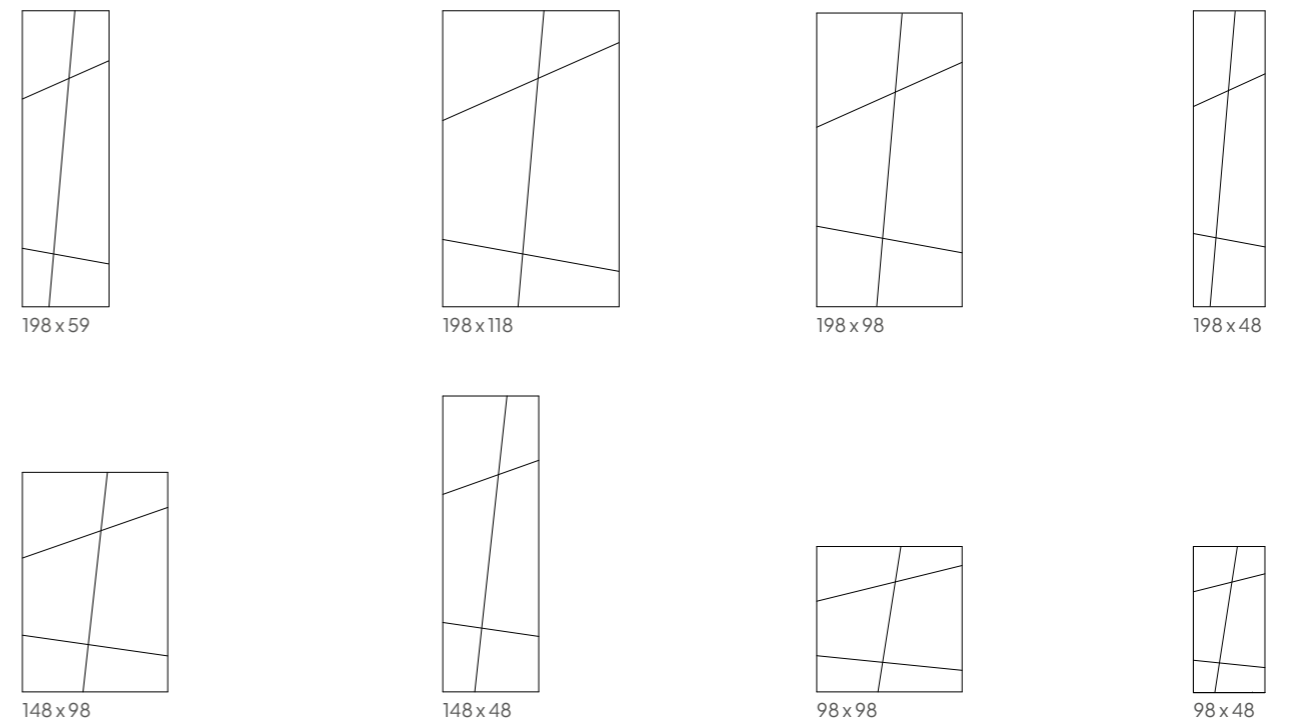

Optionally, you can choose to incorporate the asymmetrical V-cut pattern into the panel. The pattern is then cut into the panel as shown in the line drawings alongside.

Size (cm)	Art. no.	Pattern code (optional)
198 x 59	11208.001 *	SA01
198 x 118	11208.002 *	SA01

Used PET felt colour: Hare - P008

2.3 Creative V-Cut Panels

Acoustics / Creative V-Cut Panels

A set of 4 acoustic panels in a fixed size that can be easily and quickly used to cover large wall surfaces. The V-Cut Panels consist of a single layer of 9 mm PET felt. Within this, a 3 mm deep V-groove is cut according to one of the 10 patterns shown later on this page. The sides of the panels are finished with a bevel cut. Fitting pieces can be easily cut to size on location with a knife and a cutting ruler.

Refer to page 29 for the available colour options.

Panel size (cm) (total m ²)	Art. no.	Amount of panels	Description + pattern
58x118 (2,74)	11210.140 *	4	V-Cut Panels - VP01

2.4 Creative V-Layer Panels

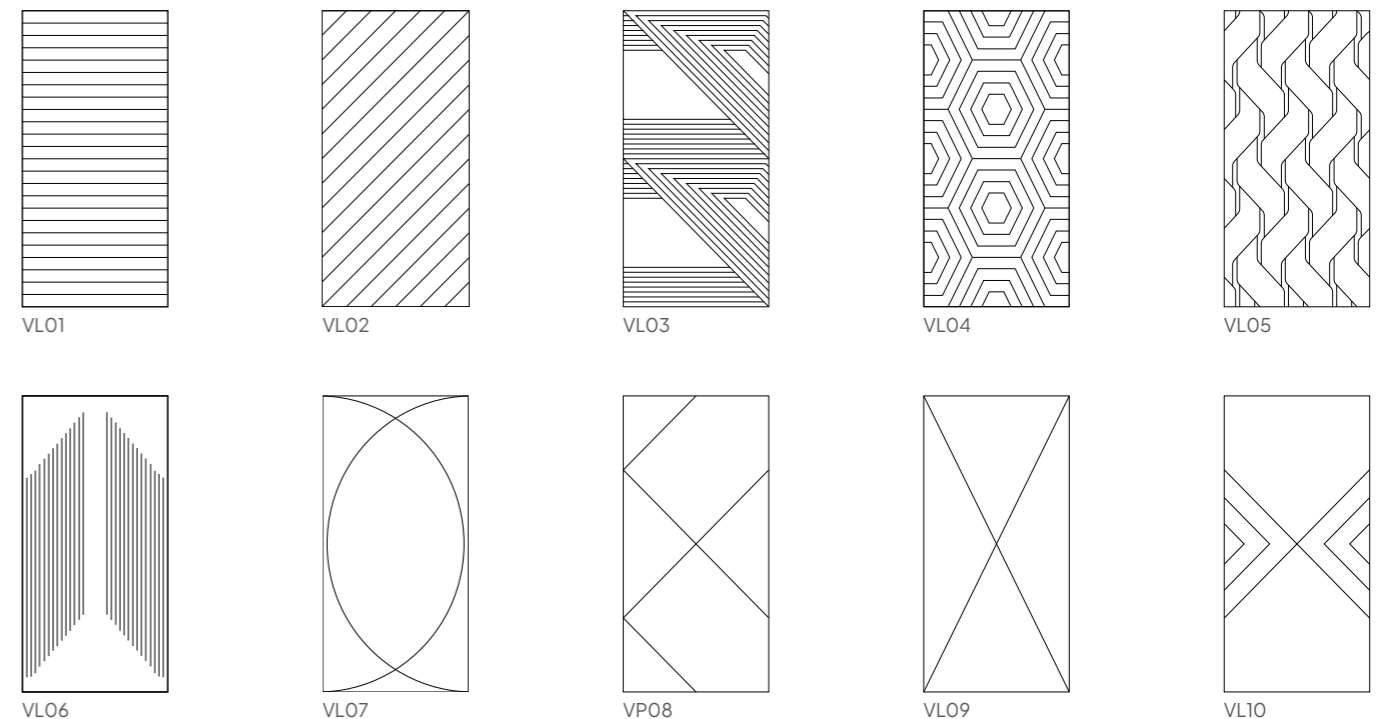

Acoustics / Creative V-Layer Panels

A set of 4 acoustic panels in a fixed size that can be easily and quickly used to cover large wall surfaces. The 18 mm V-Layer Panels consist of two layers of 9 mm PET felt. Different colours can be chosen for the front and back layers. The V-groove in this panel is 12 mm deep, making both the front and back layers visible. The sides of the panels are finished with a bevel cut. Fitting pieces can be easily cut to size on location with a knife and a cutting ruler.

Refer to page 29 for the available colour options.

Panel size (cm) (total m ²)	Art. no.	Amount of panels	Description + pattern

Used PET felt colours, front: Hare - P008, back: Anthracite - P021

2.5 Creative Layer Panels

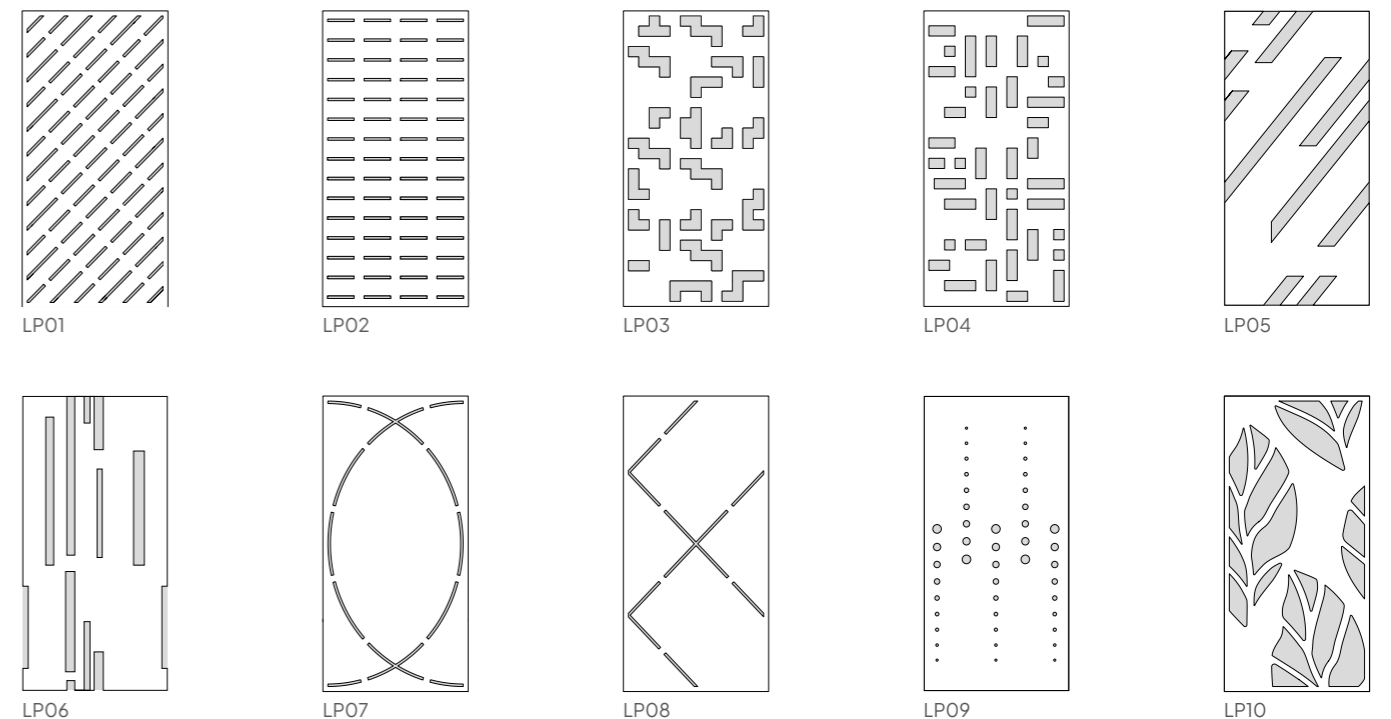

Acoustics / Creative Layer Panels

A set of 4 acoustic panels in a fixed size that can be easily and quickly used to cover large wall surfaces. The 18 mm Layer Panels consist of two layers of 9 mm PET felt. In the front layer, a pattern is fully cut out, making the back layer clearly visible, creating a beautiful combination of 2 colour layers. In the case of two identical colour layers, a 3D effect is achieved without a colour difference. The sides of the panels are finished with a bevel cut. Fitting pieces can be easily cut to size on location with a knife and a cutting ruler.

Refer to page 29 for the available colour options.

Panel size (cm) (total m ²)	Art. no.	Amount of panels	Description + pattern
58x118 (2,74)	11210.100 *	4	Layer Panels - LP01
58x118 (2,74)	11210.101 *	4	Layer Panels - LP02

58x118 (2,74)	11210.107 *	4	Layer Panels - LP08
58x118 (2,74)	11210.108 *	4	Layer Panels - LP09
58x118 (2,74)	11210.109 *	4	Layer Panels - LP10

* When requesting a quote or placing an order, please provide the colour code of the front layer first after the article number, followed by the colour code of the back layer: [article number + colour front + colour back].

Used PET felt colour, front: Polar ice - P014, back: Turmeric - P010

2.6 Creative Education Panels

Acoustics / Creative Education Panels

A set of 4 acoustic panels in a fixed size that can be easily and quickly used to cover large wall surfaces. The 18 mm double-layer Education Panels consist of two layers of 9 mm PET felt. In the front layer, a pattern is fully cut out, specifically designed for (primary) education and childcare centers. The cutout in the front layer makes the back layer clearly visible, creating a beautiful combination of 2 colour layers. In the case of two identical colour layers, a 3D effect is achieved without a colour difference. The sides of the panels are finished with a bevel cut. Fitting pieces can be easily cut to size on location with a knife and a cutting ruler.

Refer to page 29 for the available colour options.

Panel size (cm) (total m ²)	Art. no.	Amount of panels	Description + pattern
58x118 (2,74)	11210.180 *	4	Education Panels - EP01

2.7 Creative Divider Panels

Acoustics / Creative Divider Panels

A double-layer panel of 18 mm, consisting of two layers of 9mm PET felt. Different colours can be chosen for the front and back layers. The pattern cutout goes through both layers. This creates a see-through effect when the panel is freely hanging in the space.

The Divider Panels are supplied with steel cables for hanging from both fixed and suspended ceilings. They can be hung up to 2 meters below the ceiling with an adjustable connector.

Refer to page 29 for the available colour options.

25 mm PET felt

Application

The 25 mm Chameleon Acoustics PET felt is used for Optimal.

Ecological footprint

Chameleon Acoustics Optimal consists of 100% recyclable PET felt, partly made from recycled materials. The material has a small ecological footprint because it is produced locally.

- 100% recyclable PET (of which a part is recycled).
- Free of formaldehyde.
- ÖKO-TEX® standard 100 product class 1 certified (no harmful substances).
- European production with fibres manufactured in Europe.
- Volatile Organic Compounds (VOC) DIN EN 16516: German AgBB (2021), French VOC class A+.

Sizes and weight

- Material thickness 25 mm.
- Maximum panel size 1500 x 3000 mm.
- Weight 4 kg/m².

Fire resistance

Tested according to DIN EN 13501-01.

B-s1-d0.

Acoustics

From 1000 Hz, an absorption value of α_w 0.85 can be achieved (when mounted directly onto the wall).

Maintenance

Brush with a soft brush or duster. Wet cleaning is not recommended.

Mounting

The Chameleon Acoustics Optimal panels come with Velcro mounting. This has the advantage of quick and easy installation, reusability, and the ability to separate materials in the future. Upon request, panels can also be supplied without Velcro for wall adhesion.

Colours

Chameleon can apply nearly any PMS, RAL or other colour system to the felt surface. With lighter colours, the felt structure in the surface will remain visible, while with darker colours, it will become less visible. Because of this, the most suitable colour can be chosen for any interior. In order to choose the right colour and see the effect of the felt surface, we would like to invite you to the Chameleon Showroom in Geldrop or Roermond. We will send you a sample of each selected colour allowing you to make the best choice. (Chameleon Acoustics Optimal is partly made from recycled materials. Slight colour differences may occur between different batches).

Full colour print

An acoustic panel with full colour (photo) print. Using sublimation technology, images are printed on Chameleon Acoustics Optimal with razor-sharp quality. The colour white is displayed as transparent. This means that the basic colour of the felt, including the felt structure, becomes the most visible.

2.8 Optimal

Acoustics / Optimal

This product lives up to the name Chameleon. Optimal is a highly sound-absorbing wall covering that can be customized in nearly any colour. The colour is printed on the panel. You can choose from 4 different V-cut designs that are cut into the panel. In this V-groove, the grey base colour of the panel is visible instead of the printed surface colour.

- 25 mm thick PET felt with excellent acoustic properties.
- European-produced PET felt, partially made from recycled fibers.
- Base colour of PET felt is light grey, colour is printed on the surface. The printing colour may slightly vary from the chosen colour on each panel.
- The sides of the panel are beveled (bevel-cut), concealing seams in the V-cut pattern.
- Removable Velcro installation.

A quotation for this product is provided based on the wall dimensions. The wall is filled with multiple panels, each with a maximum size of 150 x 300 cm. The required height is cut to size, with the pattern being scaled accordingly. In width, panels maintain a width of 150 cm. Fitting pieces are created to fill the wall.

Used PET felt colour: Iguana - P019

3.1 Harmonica Workwall

Portable and mobile / Harmonica Workwall

Think big because you can! The 3-part version of this mobile folding wall has a writing surface of an impressive 3.5 meters in width. Each part can accommodate 2 panels (front and back) with the following options:

- Enamel writing surface. If you want a surface other than the default white enamel (W), please provide the article number for the desired size, followed by the surface code.
- A PET felt acoustic panel with a choice of 21 colours (see p. 29) and optional printing or the V-cut pattern DP01.

Size (cm)	Art. no.	Description
118 x 196,5	14013.307*	Frame Harmonica Workwall, 1-part
236 x 196,5	14013.308*	Frame Harmonica Workwall, 2-part
354 x 196,5	14013.310*	Frame Harmonica Workwall, 3-part
118 x 185	16001.199	Enamel writing surface
118 x 185	11208.199 [colour code]	PET felt panel
118 x 185	11208.198 [colour code]	PET felt panel, incl. pattern
118 x 185	11208.197 [colour code]	PET felt panel, incl. print

* Frame excludes panels. The panels (2 per frame part) need to be ordered separately.

DP01

3.2 Mobile

Portable and mobile / Mobile

Mobile whiteboards contribute to a dynamic work environment by fostering collaboration and interaction.

Chameleon Mobile is designed with a minimalist approach. The aesthetically elegant skate wheels are recessed into the frame and allow the whiteboard to move in a single direction (instead of swivel wheels). This design ensures that the frame remains sturdy while writing.

Size (cm)	Art. no.	Surface side 1	Surface side 2
192,4 x 88,7	15200.422	PET felt panel	White enamel whiteboard
192,4 x 88,7	15200.432	1/3 PET felt - 2/3 white enamel whiteboard	1/3 PET felt - 2/3 white enamel whiteboard
192,4 x 88,7	15200.202	White enamel whiteboard	White enamel whiteboard

3.3 Momentum

Portable and mobile / Momentum

The beauty of spontaneity. The Chameleon Momentum is a portable, double-sided whiteboard weighing only 10.9 kg. Its lightweight design makes it excellent for impromptu meetings. Additionally, the 25 mm thick frame takes up very little storage space.

Size (cm)	Art. no.	Colour
75,7x190,5	15400.001	Blue
75,7x190,5	15400.002	White
75,7x190,5	15400.003	Grey

3.4 Lean Wall

Portable and mobile / Lean Wall

Writing without screws! Chameleon Lean Wall keeps walls intact. This whiteboard wall is composed of one or more panels equipped with a sturdy rubber edge at the top and bottom. This ensures excellent protection for both the wall and the floor while keeping the panels securely in place.

If you want a surface other than the default white enamel (W), please provide the article number for the desired size, followed by the surface code.

Size (cm)	Art. no.	Amount of panels
98 x 221,6	15400.100 (+ code)	1
196 x 221,6	15400.101 (+ code)	2
294 x 221,6	15400.102 (+ code)	3
392 x 221,6	15400.103 (+ code)	4

3.5 Portable

Portable and mobile / Portable

The aesthetic value of this whiteboard is defined by the details. A genuine buffalo leather carrying strap, a rubber edge finish; Chameleon Portable deserves to be seen. In fact, in multiple places, because this portable whiteboard allows you to take information with you.

If you want a surface other than the default white enamel (W), please provide the article number for the desired size, followed by the surface code.

Size (cm)	Model	Colour
82 x 82	M	15300.001(+ code)
82 x 112	L	15300.002(+ code)
82 x 172	XL	15300.003(+ code)
Ø 8,8 (Additional wall mount)	-	76001.040(+ code)

Accessories

- 4.1 Starterkit Deluxe + accessories
- 4.2 Glassboard starterkit
- 4.3 Scrumkit
- 4.4 Add-Ons

4.1 Starterkit Deluxe + accessories

Accessories / Starterkit Deluxe + accessories

Every component of the Starterkit Deluxe is magnetic. Markers, eraser sprays, and microfiber cloths can be hung anywhere on the whiteboard. For frameless whiteboards (Sharp, Curve), Chameleon offers a transparent design holder for markers as an alternative. This holder can be attached to the bottom of the board using an adhesive strip (this product is not magnetic).

* For glass boards, we offer a separate starter kit, see page 64.

Art. no.	Description
14017.113	All-magnetic accessories kit for whiteboards, 4 magnetic boardmarkers, 1 magnetic cleaning spray, 1 magnetic cleaning cloth and 10 cylinder magnets
14016.230	Magnetic markerset for whiteboards, set of 4, black, red, blue, green
14031.110	Magnetic cleaning spray for whiteboards (2x 120ml + clip)
14020.250	Magnetic cleaning cloths microfiber, grey, set of 3
14019.960	Design cylinder magnets, set of 10
76002.060	Design pen tray, transparant (non-magnetic)

4.4 Add-Ons

Accessories / Add-Ons

These magnetic whiteboard accessories combine style and functionality, making them a versatile addition to any whiteboard or whiteboard wall. They keep your equipment, such as post-it notes, tablets, phones, or even coffee mugs, right at your fingertips. You can also use them to display inspiring magazines or trendy plants, adding both organization and aesthetics to your workspace. Chameleon Add-ons are always useful!

The Chameleon Columniser is a practical magnetic tool for drawing straight lines with markers, which can be used as tables or scrum boards. The Chameleon Scrumkit column cards fit perfectly within these lines, adding to their utility.

Art. no.	Description
14021.201	Chameleon Columniser
14021.202	Chameleon Stack Box
14021.203	Chameleon Magazine / Pad Stand
14021.204	Chameleon Cup Holder
14021.205	Chameleon Coat Hanger

The Chameleon product portfolio is an addition to any furnishing project where collaboration and creativity are important goals for end users. The whiteboards, acoustic products and pinboards are available in pCon.planner, pCon.catalog, pCon.box and pCon.facts.

Get started with Chameleon products in pCon.planner. Place assortment product or build your own whiteboard in the custom configurator.

Chameleon assortment products are freely accessible and can be downloaded as 3D files in pCon.catalog.

pCon.box is a handy tool to configure Chameleon whiteboards and place them directly in a room via augmented reality. It is also possible, for example, to upload a 2D map in which our whiteboards can be placed in the right size.

With pCon.facts you always have all the information about our Chameleon products at your disposal. Ideal for presenting products on site with images, 3D models and product information.
